COMPIDENTIAL

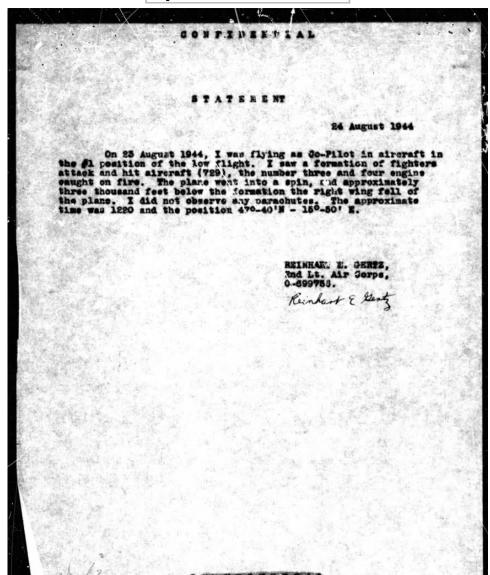

STATEMENT

24 August 1944.

On 23 August 1944, I was flying as Go-Pilot in aircraft in the #5 position of the low flight. The formation was attacked by several enemy fighters. I watched Lt. Beach's airplane (729) peel off to the left with the tail turret and elevators on fire, the plane appeared to be under control. I watched the plane descend approximately 1000 feet before it disappeared from my view. I saw one parachute open. The approximate time was 1220 and the position 47940' N - 15250' E.

L.Aboved subject officer was co-pilot on my aircraft on August 23,1944 when he was reported missing in action.

2. While on this mission to Markersdorf airdrome, near St Polten Austria, we were attach by enemy fighter planes. These planes damaged my aircraft by shooting out the elevator controls, right wing gasoline tanks, and started a fire on the half deck.

3. The order to bail-out was given by the pilot to the crew. Upon recieving this order Lieut. Fratt got out of his co-pilots seat uninjured and walked to the rear of the ship, leaving via way of the bomb-bay.

4. This was the last contact pilot had with Lt.Pratt.Whether his parachute failed to open or civilians killed him is unknown to me.Personal opinion is the latter.
